OUR COMPANY

Established in 1995 as a pioneer investor with the Subic Bay Metropolitan Authority (SBMA), Vision Air and Sea Services, Inc. (VASS) has positioned itself as a major ship repair afloat and logistics company serving commercial ship owners, the US Navy, Military Sealift Command and operators worldwide.

VASS service capabilities range from emergent ship repairs requiring quick response time of manpower, equipment and spares to scheduled voyage repairs requiring complex logistical requirements anywhere in the Philippines.

Strategically located inside the Subic Bay Freeport Zone, Philippines and includes a comprehensive machine shop, ABS certified welding and fabrication facilities, Level II NDT and Level I NACE inspection services, engineering services and blasting and preservation chamber all to ensure the highest quality of service, versatility, reliability and a strong commitment to safety.

A wholly owned subsidiary of the Transnational Diversified Group (TDG) www.tdgworld.com, a globally competitive and progressive business group of highly successful companies engaged in leading industries worldwide.

VASS is an ABS ISO 9001-2015 certified company and maintains comprehensive policies and procedures designed to ensure the same high quality results every time on every project.
